

Please do not replace the K-LOVE signal (88.9 & 107.5 FM) in my area with a LPFM. I do not want to lose the K-LOVE station and programming in my local community. K-LOVE provides encouraging and uplifting Christian programming that cannot be found on any other station. Unlike other Christian stations, K-LOVE is mostly music, mostly current songs, and there's not much talk-radio type broadcasting. Without K-LOVE we would not have such wonderful uplifting, positive music on the radio in our community. So much of the music on most other stations is not positive or encouraging, and the music on other Christian stations is very old fashioned.
